My deepest condolences 🙏 to someone who started out as a childhood friends ❤️ so many memories don't really know where to start,us riding up and down the street in his first car to meeting his mom who she would always say that no matter what I will always be the first one, such a beautiful soul,Roy and I later became man and wife,a title I took to heart and he did too for a while Wow,we grew apart but never forgotten what we had , and for every family gathering I've share with my family what we had always is brought up.This is a shock,my only hu question is how but only God knows why . Whenever I saw him he always met me with a smile and we always departed with one.R.i.p. My childhood friend, and my ex give your mom a hug and tell everyone else I said hi, going to miss that smile Pumpkin
