Aunt Edith, I always was and still is so glad to have been your niece! I remember being over your house when I was in elementary school. It was a few days before Christmas and it was just you and I. I was sitting at your kitchen table, while you made a German chocolate cake. We talked and laughed the whole time while you made that cake from scratch. When I joined the military, every Christmas since then, I have always relived those precious moments and made a German chocolate cake, spending that time with you in my mind's eye. I will continue to bake with you! I will miss seeing you when I come home. I love you and cherish our memories even more! Mary B. Smith
