Uncle Jerry I'm truly going to miss our long phone conversations, our lunches and the laughs that we shared. On December the 10th was the last time I saw you. The last thing we said to one another was we love each other. You will be truly missed.

I love you Uncle Jerry and I'm so glad I was able to tell you that when I last saw you. On the last time I saw you about a month ago, it was when I called you to help me with picking up my car from repairs. You told me, "if I come and get you then you would help me." I quickly came to get you. I was very thankful that I could count on you & I was very appreciative of you being able to help me at the Last minute. It felt like younger days when you gave me rides to school events and I would listen to your sound advice on Life stuff. I honestly kept your words in my mind often. You always had your own special way of letting me know what's on your mind. I guess I could say that I knew I could depend on you for that Last minute need. I recall that I Told you last time that I saw you, "I Love you Uncle Jerry" and I knew you heard me. So, that part of me feel relieved but the other part of you not being here is hurting....I am so glad that we got a chance to spend that moment together and have a laugh and dispute back and forth as you did in your own special way, just your way and I knew that it was you being my Uncle Jerry in that unique way!!!! I cherish that moment and other moments we shared as a family. Rest In Peace Uncle Jerry and know that I definitely will miss you and will keep that love we shared close in my heart always. I want to also Thank you for being such a loving and memorable Great Uncle to My Son and the love you always showed him from his Birth to Adulthood. Your gifts and visits meant so much when we were miles away! Again, I love you so much Uncle Jerry (My Mom youngest brother).....lots & lots more I could say....in closing, RIP with much Love, Your Oldest Neice of Your Sister.....love you, Jan.

What can I say about my Uncle Jerry... he was a great man , a beacon, a gentleman and a truth sayer. I remember talking to him for hours about life and the history of our family. He never sugar coated anything and I loved that about him. From the time I was a little girl , I looked up to him and my Uncle Alec...they were/are some of the coolest men I've known. I really don't have the words to express how heartbroken I am over this. We are not promised tomorrow, cherish your family. I love you Uncle Jerry, in this life and beyond. You are legend!

Jerry was a wonderful man. I will miss him. May God bless his family during this time. I will never forget the good times we had.

Friend, brother in Christ, jokester, straight shooter and advisor are nouns that describe Jerry Richard. At church on Sundays, he would always have something to say to make me laugh or take the time to share a bit of wisdom about his life's journey. Jerry introduced me to my husband 17 years ago and I am forever thankful for that introduction. Jerry was my friend and I will miss him terribly. I pray that his family seek the comfort of our Lord and Savior during this difficult time. However, know that Jerry touched many lives and he will be remembered lovingly by our family

I'm sadden to learn of Jerry's passing. As far back as I can remember he was always fun-loving and sought the best in everyone. He was a straight shooter and told you the truth if you wanted to hear it or not. I am praying that God comfort his family and all that will feel a loss without him.

Another childhood friend and fellow HHS classmate that has left us behind. Sat with him on Friday afternoon and as usual we laugh and joked about growing up in "College Hill Courts" aka "Westside Project". Saturday night I received a phone call saying Jerry had died. Needless to say, I was both shocked and saddened at the same time. To Alex and the family ... "May GOD watch over you in the days to come".

I spent some time with him on Friday, I'm glad I took time out of my day for him. But I'm still so sad. He always went out of his way for other people. He would say "What can I do for you?" He called to check up on me. If I had any family questions, I know I would get the truth from him.
