I worked closely with James at Erlanger for many years. Our work benches were next to each other in the shop. We talked about a lot of things and I learned many life lessons from him. James cared about people and would take time to ask how you're doing. And then really listen to you. Thank you Lord for sharing James with us. He's home now.

I met James at Orchard Knob Jr HI, we were in 7th grade and we became good friends. We went to different high schools, but whenever we so one another we would always talk. The last time we saw each other I was getting brakes on my car, he came in to get brakes and we laughed and talked the entire time. James was a great guy, and I am proud to say he was my friend. My prayers go out to his family

I'm "really" SAD to see this.(Just seeing this) I most likely saw the name earlier, but the thing is i never knew his name as many times as we have talked. I actually met him when i worked security behind the Library, the Crystal Building. The last time i saw him on McCallie Ave he had just got "another" vehicle, we were talking about some things that may have to be done to it. For me he was mild mannered no drama type person. I enjoyed talking, having a good laugh with him. CONDOLENCES to the Family, may he RIH!!! H "Cold Duck" Akins/ Family
