I extend my condolences to the family and friends of Pastor Floyd Whiteside. Pastor Whiteside was a staple of leadership in my neighborhood. He provided an example of what it means to live and walk in faith. He loved his family and he ensured that we, as kids at the time, knew the values of respecting and honoring those that pave the way. I really think the world of him and the example he set for us to emulate. I lit a candle and listened to his sermons non-stop throughout the weekend - and still going. To Mrs. Whiteside, my former co-worker Sidney and daughter Sidney (my former student), and other Family Members I am so sorry for you and your family for the loss of your Husband/Father. If only words could take away the emptiness in your heart, I would write you a book. Please let memories of your dad/spouse bring you some comfort during the coming days. You are in my thoughts and prayers. So sorry to the whole family for such a loss. May happy memories comfort you in this time of sorrow. When Tomorrow Starts Without Me When tomorrow starts without me And I'm not here to see If the sun should rise and find your eyes are filled with tears for me, I wish so much you wouldn't cry, the way you did today. While thinking of the many things We didn't get to say I know how much you love me as much as I love you. And each time you think of me I know you'll miss me too, but when tomorrow starts without me Please try to understand That an angel came and called my name and took me by the hand and said my place was ready In Heaven far above and that I'd have to leave behind All those I dearly love. But when I walked through Heaven's gate I felt so much at home When God looked down and smiled at me From His great golden throne. He said this is eternity and all I promised you Today your life on earth is past but here it starts anew I promise no tomorrow for today will always last and since each day's the same way There's no longing for the past. So, when tomorrow starts without me Don't think we're far apart for every time you think of me, I'm right here in your heart. By: David M.
