“ Boo if tears could build a stairway and memories a lane I would walk right up to heaven and you back again
No farewell words were spoken no time to say goodbye you were gone before I knew it and only god knows why.
My heart still aches with sadness and secret tears still flow what it meant to love you no one can ever know but now I know you want me to mourn for you no more to remember all the happy times life still has much in store since you'll never be forgotten I pledge to you today A hollowed place within my heart is where you'll always stay.
I love you boo always
